Should be 5024

MISSION

The mission of the SPCA is to create a caring and kind community that encourages fair and humane treatment of all creatures. Our knowledgeable, caring, and open-minded team of staff and volunteers achieve that mission through proactive efforts to address the current status of animals in our community, education of adults and children, rescue and sheltering of animals in need, and placement of animals into appropriate homes.

VISION

By providing services for people and animals, we empower individuals to become caring, competent, responsible citizens who value animals as a vital part of our community.

VALUES

Support... as the premier animal welfare agency of our community, we lend help to any and all who need it.

Professionalism... our staff and volunteers are the recognized animal experts for our community; our advice is always the most humane and caring that we can give.

Compassion... we foster a kind and gentle environment for the people and animals who come to our shelter seeking our protection.

Advocacy... we set a shining example for the members of our community by continually encouraging fair and humane treatment for all creatures, big and small.
